

Ritual S-3

It is recommended that you perform Rituals S-1 and S-2 until they become second nature before you begin working with the S-3.

The symbolism of Ritual S-1 can be found in the Universe Card of the Golden Dawn, as well at the Tablet of Shewbread in the 1=10 Initiation Ceremony. The S-1 focuses on developing and strengthening a relationship with the Shekinah as personified by the Woman of Revelation, who is syncretized, in our tradition, with the Patroness of our Temple of Isis Mighty Mother.

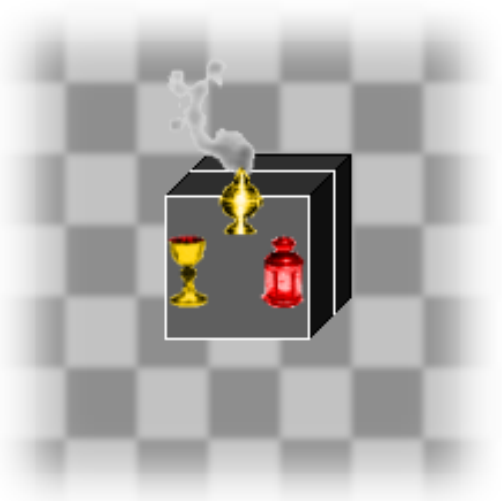
The symbolism of Ritual S-2 can be found in the Seven-Branched Candlestick Diagram in the 1=10 Initiation Ceremony. The S-2 focuses on the Purification of the Soul by way of the Seven Planets, for the purpose of becoming a worthy vessel through which the Divine Light of our Genius may descend into us, so that in that moment we may represent the Queen of Angels, fit to direct the Angels of Earth for Healing and Protection.

The symbolism of the S-3, then, can be found in the subtler symbolism of the Altar of Incense, which was overlaid in Gold, and upon which is to be found the symbols of the Three Mother Letters, Aleph, Mem, and Shin.

The purpose of this ceremony is to help enable the Magician to reconcile the Cosmos, symbolized by the Zodiac, with their own personality, symbolized by the Planets, by way of the Divine Spark within. It will empower the Magician with a deep relationship with the Divine Feminine, and to compliment all other forms of Healing and the Magic of Light.

Upon the altar in the center of your working space, place your Incense Burner at the apex of the triangle, a Cup of water or wine on the left basal angle, and a Red Lamp or Candle on the right basal angle. Other than that, whatever you would normally use in your magical work is fine as well.

Temple Blend, or any blend of Frankincense and Myrrh, is ideal. Otherwise, any Shekinah or Goddess oriented incense will work.



Step 1

Purify your working space or Temple with Water and consecrate with Fire.

Step 2

L.B.R.P. (For 1=10 and above, **B.R.H.** afterward)

Step 3

Adoration of the Lord of the Universe facing east:

“Holy art Thou, Lord of the Universe!
Holy art Thou, Whom nature hast not formed!
Holy art Thou, the Vast and Mighty One,
Ruler of the Light and the Darkness!”

Step 4

Perform the Middle Pillar Ritual, vibrating each Divine Name three times.
Standing in the center of your working space, facing east, perform the Kabalistic Cross.

Step 5

Knock

"In the name of IMA ELOHIM, and Shekinah, I Frater/Soror _____,
of the Golden Dawn Temple of Isis Mighty Mother, do hereby declare Ritual S-3 duly opened”

Step 6

As best you can, recall the forces invoked in the S-1 Ritual. While remaining at your central Altar, feel and visualize the 12 Holy Presences of the Stars in the Crown of the Shekinah about the perimeter of your circle, as well as the 72 smaller light.

Vibrating slowly:

“YHVH, YHHV, YVHH, HVHY, HVYH, HHVY, VHYH, VHHY, VYHH, HYVH, HYHV, HHYV”

As best you can, recall the forces invoked in the S-2 Ritual. While remaining at your central Altar, feel and visualize the 7 Holy Presences of the Angels as they appear in the same order in which they’re invoked in S-2.

Vibrating slowly:

"YHVH ELOHIM, EL, ELOHIM GEBUR, YHVH ELOAH V'DA'AT, YHVH TZABAOT, ELOHIM TZABAOT, SHADDAI EL CHAI"

Recall now Step 8 of the S-2, becoming the image of the Shekinah herself.

Proclaim slowly:

"I…. am…. She…."

Step 7

Remain just west of your central Altar, facing east. Pick up your Incense Burner, draw the letter Aleph in yellow in front of you, above the central altar. Hold the incense toward the heavens and proclaim:

"In the Divine Name YA, through in and with His mighty Archangel, RATZIEL, and by the mighty Choir of Angels the AUFANIM, I invoke the presence of the all-encompassing Cosmos, the great Sphere of all Stars and Galaxies, the MAZLOT."

With the Incense burner, draw a large letter Yod in the air above your head, with the4 uppermost point at your Keter sphere, about 6 inches above the crown of your head, and the bottom-most point just in front of your brow:

Holding the Incense at the level of your Solar Plexus

"I call upon the Divine Father, YOD, by all the Divine Names of CHOKMAH. YA… YA… Lord of the Universe, Thou Vast and Mighty One, I Adore Thee! I stand before Thee as Thy Daughter, and I ask that I might be a manifestation of Thy infinite and abundantly unfolding creativity, and I humbly ask that I might unfold as a well, as a flower in the presence of Thy Vastness and Thy multitude of manifestations, and to bear witness, to serve, and to receive the Light of Thy Sun and Moon, and of Thy multitude of Stars!"

Feel the universe as if it were in an ocean that contains all space and time. The surface of the water is just above your head. Now pull a small whirlpool down a bit into your head, allowing the water that was within you to be replaced with the emptiness that is above. Now slowly bring the whirlpool down until it contains your entire body, and let it form an egg shape of emptiness around you, between you and that ocean. As best you can, within this egg, allow yourself to be surrounded in all directions by silence.

"Thy Will Be Done. Let it be to me according to Thy word.

Step 8

Place the Incense Burner back in its place upon the Altar, and pick up the Red Lamp or Candle. Draw, above the altar, a red letter Shin, then hold the lamp or candle near your Solar Plexus. From the top of the Yod above your head, imagine a white letter Shin, which may appear as a white dove flying downward.

"Let the Divine Light descend…"

Close your eyes and feel the Divine Shin descending through the crown of your head, while the source of Light remains above you, the Shin continues to move downward until it takes its position in your Solar Plexus, filling your aura with Light.

Step 9

"In the Divine Name of EHEIEH and AGLA, allow me to experience the presence of the Spirit above and within me, of Thou source of all infinite creative boundless and multifarious forms, ever regenerating and resurrecting in Thee.

For I am ISIS, and MARIA, and the New Wine pours continually into my Heart from Thee, from the Crown of all Crowns, and melts my heart like wax in the wordless presence of Thy all-pervading and Formless Fire!"

Hold the Red Lamp or Candle in front of you, so you can see it. Gaze upon the candle flame and contemplate the similarity between the flame and the Yod you've drawn above your head, down to your brow.

"For I am the silence that is incomprehensible, and the idea whose remembrance is frequent. I am the voice who is manifold and the word whose appearance is multiple. I am the utterance of my name. I am Thy Bride and Spouse, oh Holy Spirit, for Thou art in me as I am in Thee!"

Step 10

Place the Red Lamp or Candle back in its place upon the Altar, and pick up the Cup of Water or Wine. Draw, above the altar, a blue letter Mem, then hold the Cup near your Solar Plexus. Allow yourself to become the symbol of the Cup.

"I am the Mother, I am the speaking Sea, I am the Earth in its fertility. I have plucked out my heart and I have given it to the world, and that is my strength. I am Love, the mother of the Quintessence, giving forth the blood of mine own heart to save mankind from destruction. I am the Mother, Nature, and I continually give birth to and am born from God the Vast One in all his many forms. He is the Resurrected One, and the expression of my Power.

Step 11

As you breathe, know that it is the atmosphere and all winds and clouds in your lungs, as the Life that is flowing into you and out of you. Feeling the moisture of your

body, know that it is the oceans and the rivers and all the waters of the Earth. As you feel the solidity of your body, and of the earth beneath you, know that the earth that makes up your body and the earth all around you are one. Know that the fire which drives you is the same fire which is the undaunted Will which turns the earth, and all the planets and stars, throughout the ages. Let yourself feel compassion for all beings, as if, even if just for a moment, you truly are the Mother of All.

Step 12

Replace the Cup upon the altar. Perform the Qaballistic Cross, but as you do so, substitute the following words:

Upon drawing the line from your crown to your feet: **"Ad Gloriam…"**

Upon drawing the line from your right hand to your left hand: **"Rosea Crucis"**

Once you've places your hands together at your solar plexus: **"per Omnia Secula Seculorum, Amen."**

Step 13

L.B.R.P. (For 1=10 and above, B.R.H. afterward)

Step 14

Final Release: **"I now release any and all spirits which may have become imprisoned by these rites, go forth now unto thine own abodes and habitations, and go thou with the peace and blessings of YEHESHUA YEHOVASHA, be there always peace between you and I, and may ye be ready to come again when ye are called. For I now declare this ceremony of Ritual S-3 duly closed."**

Knock.
