

David Bowie

Oracle Cards

It's only a game.... Or is it?

These are the first 7 *Key Cards* of the David Bowie Oracle Cards. Print this PDF document double-sided. Preferably, on card-stock matte-finish paper. Be sure to specify that it flip "on the short side" so that the cards will line up correctly. To save paper, you might specify that it print only pages 3-6, but it'll work either way. Carefully cut out the 7 *Key Cards*.

I will suggest one way that it can be approached. Please feel free to use whatever method works best for you. To get into the right state of mind, you might begin by listening to the first and title track of Blackstar on vinyl in total darkness while contemplating its meaning. Then, light a solitary candle at the center of the room or circle. If the candle is atop an exact replica of the Major Tom skull from the video, even better. Look into its eyes, and ask him your question.

Arrange all the decks neatly about you in a circle or semi-circle. Shuffle the small deck of *Key Cards* and draw one to determine which deck your answer will come from. Find that specific deck, shuffle it, and draw one card. There is your answer.

Please note that David Bowie can be a bit abstract. He is an artist, after all. It might take a little bit of abstract thinking, and intuition, to deduce the meaning behind his response. Although, sometimes it will ring as clear as a bell.

Please keep an eye on [The Official David Bowie Oracle Cards Page](#), as I will post links to the decks there as I create them, as well as the Key Cards.

Please feel free to [Contact Me](#) if you have any questions or ideas you'd like to share.

Your brother in the Blackstar,

Edward Reib
