

Ritual S-2

for the healing and protection
of the people of Haiti

This Ritual is designed to be performed in two ways. The first, or "Full Ritual", requires privacy and a minimum of 30 minutes to perform. The second, or "Partial Ritual", requires no privacy and can be performed in less than 5 minutes.

The Full Ritual must be performed at least once before the Partial Ritual can be performed. The more often you perform the Full Ritual, the more powerful the Partial Ritual will become.

This ritual may be performed alike by new neophytes and more advanced members. Those more advanced should feel free to elaborate on what is outlined here. For anyone who may not have performed Ritual S-1 yet, it is recommended that you do so at least once before performing this Ritual.

(Note: When the text is bold and underlined, these names should be vibrated. "YHVH", as in the LBRP, should be pronounced: "Yod Heh Vav Heh")

Step 2

LBRP (followed by **BRH**, if Zelator or higher)

Step 3

Adoration of the Lord of the Universe

Step 4

Prayer and Invocation of the Lord of the Universe:

"Oh Lord of the Universe, the Vast and Mighty One, ruler of the Light and the Darkness, I adore Thee and I invoke Thee. Look thou with favor upon me, your humble servant, who seeks to invoke your Divine Glory, your Holy Shekinah to heal and protect her people on earth.

Step 7

(Move to the east of your central altar, facing west. If you have black and white pillars to work with, stand between them, without passing all the way through them. As you invoke the Seven Angels around you one by one, use the diagram below to determine where the angel will appear. During this portion of the Ritual, the angels are all in a circle, facing inward, toward the central altar.)

(Close your eyes and visualize before you a large cauldron of hot coals. Reach deep down within yourself and release all self-limiting beliefs, fear, or depression you may carry. Allow these traits to burn in the cauldron, returning to dust and rising up toward the heavens as smoke.) **"In the name of YHVH Elohim, I invoke the mighty**

Angel of Saturn, CASSIEL (Take a moment to visualize the angel standing in the appropriate place in your working area) **let the forces of Saturn be cleansed and sanctified, I beseech thee, oh Mighty Angel CASSIEL, bring unto me: Determination, Diligence, and Patience! (Pause and allow yourself to absorb the current of Holy and Divine Luna)

Step 8

(Remain standing where you are, east of the central altar, facing west, between the Pillars if you have them. For this step it is essential that you have already performed Ritual S-1. Do your best to recall how you felt toward the end of Ritual S-1, when you connected most with the Holy Mother. Let your appearance transform to that of the Holy Mother as you proclaim the following.)

“I invoke Thee oh ISIS, SHEKINAH, MARIA Thou Restored Eden, Thou Supernal Mother, Thou Second Eve. Thou Holy City, New Jerusalem, coming down from God out of heaven, from whom are fed all showers and suns, all moons that wax and wane, all stars and streams, the living and the dead, the mystery of pleasure and of pain, Thou art the star of God upon my brow.”

(Take a moment to release any remaining dross you may have within you, allowing it to be transformed by the Presence of God, through the Divine Mother who stands in the same place where you stand.)

“I... Am... She...”

(When you feel you have made a strong connection, let the entire visualization, the Angels, the image of the Divine Mother, the room or temple you are performing the ritual in, and everything else in the world come together in the place where you are standing, as it all becomes a column of light blue Light. You are also within this column of Light, and as it moves upward, you move upward, and out into an empty space.)

Step 9

(From this empty space, allow a horizon to come into focus in all directions around you, with nothing obstructing the view of the horizon. The color or type of ground is up to you, as well as the sky and the time of day. The important thing is that you are absolutely certain that you are alone there, just as you would be certain that you are alone in your Temple in Malkuth.)

“In the name of the Lord of the Universe, and by His Divine Name ADONAI HA ARETZ, do I invoke Thy Mighty Archangel AURIEL, to aid and guard me in this work of art. Thou art the eldest of all Archangels, the very Light of God, and the ruler of the element of earth.”

(Take a moment to connect with the Earth beneath you. Feel the pull of gravity on your physical body, and the solidity and largeness of it. Let your breath be the air that circulates throughout the world, let your heartbeat and all the moisture in your body be at One with the oceans and the clouds and the rivers. Take a few minutes to really connect with the Element of Earth.)

Step 10

“I beseech thee oh Mighty AURIEL, by all the names already rehearsed, to bring forth the Great and Powerful Angel of Earth, PHORLAKH. Bring forth an army of all the good Angels of Earth oh PHORLAKH to stand guard as a Wall of Earth against all those powers and forces who would seek to harm the innocent.

(With your eyes still closed, sitting or standing in the place with the horizon about you in all directions. Visualize the army of all the good Angels of Earth appearing in a great circle surrounding you, facing outward. Take a few moments to feel the vastness and the power of these numerous angels, as they heal and protect you on the material plane.

Allow the ground beneath you to fade, revealing the shape of Haiti beneath you, surrounded by ocean. See the Angels move down and take their positions at the edges of the land.

Sign of Silence: Let all of these things fade from your mind, yet knowing that these things remain. Do your best to forget about the work you have just done.)

Step 11

LBRP (followed by BRH, if Zelator or higher)

Step 12

Adoration of the Lord of the Universe

Step 13

Final Release: “I now release any spirits which may have been imprisoned by this rite, go forth now unto thine own abodes and habitations, and go with the peace and blessings of YEHESHUA YEHOVASHA, be there always peace between you and I, and be ye ready to come again when ye are called. For I now declare this Ritual for the healing and protection of Haiti, duly closed.” (knock)

PARTIAL RITUAL

Step 1

(Find a comfortable place to sit, where you can close your eyes for a few minutes and probably not be disturbed. As you take several deep breaths, utilizing the four-fold breath, recall the experience of standing as the Blessed Mother between the Seven Angels, and all becoming One where you stand, then rise within the light blue column of Light.)

Step 2

(Visualize the horizon in all directions around you, with nothing obstructing the view of the horizon. The color or type of ground is up to you, as well as the sky and the time of day. The important thing is that you are absolutely certain that you are alone there.)

Step 3

(Connect with the Earth beneath you. Feel the pull of gravity on your physical body, and the solidity and largeness of it. Let your breath be the air that circulates throughout the world, let your heartbeat and all the moisture in your body be at One with the oceans and the clouds and the rivers.)

Step 4

(Internally vibrate the names **ADONAI HA ARETZ**, **AURIEL**, and **PHORLAKH**, then visualize the army of all of the good Angels of Earth in a great circle surrounding you, facing outward. Allow the ground beneath you to fade, revealing Haiti beneath you, and see the Angels take their positions at the edges of the land.)

(sign of silence)
